Re: Requested Correction of US 6,463,541 B2

Dear Sir/Madam,

US 6,463,541 B2 issued Oct. 8, 2002 entitled 'Object Authentication Method Using Printed Binary Code And Computer Registry' incorrectly states my address as being "04463 Liddicoat Cir., Los Altos Hills, CA (US) 94022".

This obviously typographical error, wherein '0' was erroneously substituted for a '1', is very important to me because mail regarding this patent is being returned to the senders as undeliverable.

Therefore, while this error is very small in size, its importance is very great and a Certificate of Correction stating my correct address: 14463 Liddicoat Circle, Los Altos Hills, CA (US) 94022 is hereby requested.

Respectfully yours,

A handwritten signature in cursive script, appearing to read "Michael Hu", followed by a horizontal line.
